Dearest Jay

We are leaving tomorrow after practically 12 days of this beautiful spot so just a line while Sally washes some glasses in case I don't write again until end of week. Thanks so much dear for your letter which was forwarded to me here and which I appreciated so much. Was delighted to hear that you made a clean performance and want to heartily congratulate you but am sorry you rode only once. Was in the lookout

in newspapers for something about it but I got your letter giving dates but saw nothing in Times and hope you will forward some. How did you find the Beche? I am curious to know.

Have seen a lot of a young married couple, the Ethel & Rosalind and like them very much, as a type of nice American that we have not very often met. Have played bridge several times and are going up in train with them to Paris which will likely take at least 3 hours. Fortunately I was able to reserve a "wagon lit" so we will not have to sit up all night as we did coming down so the journey

would be such a strain. Just a few Canadian  
officers here including F Ware.

Please excuse brief line.

all love

Bob
