Dearest Alice

Just a line to say we will  
be in Montreal in half an hour.  
Hope you and dearest Mother are  
not too fagged by the strain and  
your early start. You were  
both very brave and I appreciate  
your control so much. Am sure  
you looked after poor Sarah. Fear  
the strain hard on you all.

I hear that 42nd Highland  
Regt will be with us (Col Caulton).  
Also a draft of 50 men from  
Battery Bulgston who joined our  
train there today. No mishap so  
far and everything running very  
smoothly. Hope to see Schoof and  
well Gachot wharf but may not.  
Nearly in so must close. Please love  
to Mother Father & dear self from Jack
