

Friday - Nov 5th

3 Church Walk

My darling -

Just as I started to town yesterday I had to put on little pink ribbon! In spite of a long day shopping etc. I was not too tired. I have such a nice comfy bed & good air over looking a garden I sleep much better - & I know this house is healthier. Don't worry about my feelings at all - I will always tell you. But don't you mustn't worry. I thought perhaps I upset you before. But I will always tell you I promise. Well to go on about my day in town - I bought a hat - One you will like me - Then I met Mrs Marks at the Carlton at 12.30 - but he went to the Savoy for lunch. Poor girl 56 is nearly distracted because her husband is now in at Marseilles - but 56 had word that morning from him that he has orders to go to Serbia - We had a nice talk about everybody in Phila - & I quite enjoyed it - 56 may return with me at any time for a visit.

SB is rather good fun - but very homey -
We sat & talked after lunch & then
I met little Jean at the carter. I don't
write home & say nothing - but I was
literally shocked when I saw her -
I was so stunned I was tactless & said -
"Goodness are you all what can I do
for you" She was white as a ghost -
circles under eyes - eye lids all
swollen & red & very thin - really
hardly knew her & didn't expect anything
in the least. When I said " - SB said do
I look so badly as all that? & that was
all - so I gathered SB likely is ex-
pecting & " effects some girls like
Not - Poor little thing I think SB
is desperately lonely too. SB is so
young & inexperienced - I feel awfully
sorry for her. SB is going to the
of Wigan until Christmas - & then make
visits - SB is going to stay there

with her in - Paris -

Darling now I have told you all the
news - now for the new part of the letter.
First of all I have decided upon the
Caretin for our honey-moon. It is so
quiet - luxurious & above all warm
heated with steam. I sat there yesterday
& pictured you & I there together. The
thought thrilled me through & through.
I don't want to speak to another soul
all that week. Dearest I will be your
mistress - wife - companion - all in the
that week as never before. Do you know
I don't believe I would have the courage
to go on limb if any ship happened to
you. I don't really - it frightens me
sometimes. There is nothing else in life
for me now but you. The depth of my
love is very great - my dearest one
& you will realize it that week as
never before - I don't know a little

they keep like we need hold so
much love. I hardly know myself some
times I am so happy in my love for
you - apart from the suffering I am going
through keep separated - & as I have
said before I never knew I was capable
of such depth of feeling - I am yours
body & soul & in a greater way
than I ever thought possible. ~~my~~
~~beloved~~. Do you love me that way?
the you - as an outcrop for the ~~as mine~~
for you - your life is do they want mine.
Oh I loved - only write that week ago
sooner I sometimes think I can't
wait -

I'll be looking every minute
for you - Come to me as soon as you
can -

Sally
