realize that it will be  
the best thing for me  
in the end. Before going  
West I intend if it is  
convenient to go down  
and see Aunt May for  
two or three days and  
hope to stay over a day  
anyway in Montreal on  
the way back. It all  
depends on what Aunt  
May says but in any  
case I think I will  
go to Montreal as when  
once I get started up  
in London the  
Lord only knows

My dear Uncle Frank  
No doubt you  
will have heard from  
Ibb that I am leaving  
Ottawa and going back  
to London for good. I  
have played my little  
game and I think I may  
say I have won and  
though I don't want  
very much to go back  
still I can't fail to

when I will be able  
to get off and for  
how long! It was too  
bad that you could  
not get up to London  
as I think that you  
could have put in a  
good time. How are  
chances for going up  
for the ball at the  
opening of the Armouries  
on February third. I  
am going to make an  
effort and try to be  
there but can't say  
very positively just yet.  
If you run across anyone

with an infantry sword  
for sale also the  
Sam Brown outfit, nail  
it if possible for me  
as I will want one and  
second hand is cheaper  
and just as good as new  
I hope to leave Ottawa  
Friday afternoon but am  
not sure, at any rate  
I will expect to get  
a glimpse of you  
in a few days. In the  
meantime

I am

Yours loving nephew
