My Dear Ibb & Wood,-

RE RUSSIA TRADE.

Enclosed is card of Russe British Trade Exchange Limited London, England also two circulars soliciting advertisement in their paper in which Waterous Engine Company & Goldie McCulloch Company have taken space, but we declined as we did not want to open up a trade in any foreign country unless we could specialize and make in quantities, one or two sizes or lines even if we have to make Windmills, wheel Barrows, Chopping Boxes or such like.

If either of you have the time on next leave, please call and let us know your impressions. Printed matter sent E.W.L.

Yours very truly,

Enclosures - Printed matter.

H. J. L.
