

Importing from Google Scholar

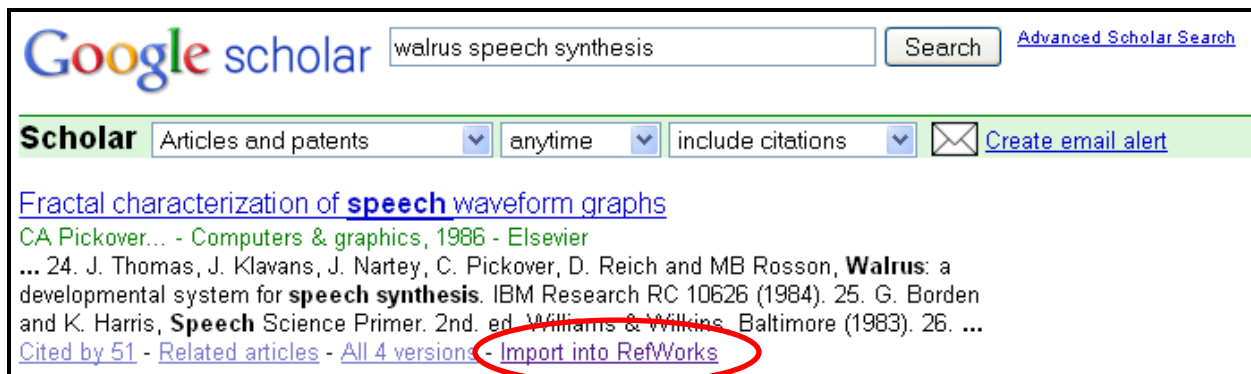

1. From the Google Scholar home page, click on the **Scholar Preferences** link
2. Scroll down to the **Bibliography Manager**

3. Select **Show links to import citations into > RefWorks**
4. Click **Save Preferences**

You are now ready to export directly to **RefWorks**:

5. Perform your Google Scholar search
6. Each record will now have an **Import into RefWorks** link

7. Click the **Import into RefWorks** link to launch the **RefWorks** login page if you are not already logged in.
8. Wait for the **Import Completed** message
9. Your records should appear in the **Last Imported Folder**
