Notes

AC Map accompanies a report.
FI Map also available in microfiche format; order as you would for a paper copy.
GC Minor geochemical data included.
GP Minor geophysical data included.
HC Historic canoe route data included on map.
MD Minor mineral deposits data included.
NP Not plotted on map face.
OP Map was out of print as determined from most current inventory available. This may or may not apply to the report it accompanies; verify through the current Publications Price List.
PZ Minor Paleozoic geology data included.
QU Minor Quaternary geology data included.
RV Revised version, originally issued at an earlier date
SC Superceded by a more recent map.
TA Map depicts 2 or more areas and/or inserts. The scale given is that of the area most prominently displayed cartographically.
TS Map is a transitional stage, computer-assisted publication.
