\*Requests for access to the commercials must be submitted to the archivist responsible for the Collection at least 1 week in advance so that appropriate viewing arrangements can be made. Requests must include the title and number of each item (as listed in the finding aid) as well as a list of proposed visit dates and times (i.e., morning, afternoon, all day). The archivist will confirm the viewing arrangements, including specific dates when the items can be accessed. An estimate of the amount of time required to view the materials will be provided upon request.

**Access to Other Records:**

Textual Records

Anyone seeking access to textual records other than those listed above must submit a written request addressed to the University Archivist (email is acceptable). This request must identify clearly what materials are being requested and also indicate:

- 1) the nature and scope of the research,
- 2) the need for access to the specific identified materials, and

3) the intended use of the information.

The University Archivist will review the request, seek clarification as necessary, and then forward it, along with any additional comments deemed relevant, to Canadian Tire for review. Canadian Tire's access decision will be communicated as soon as it is received. Depending on the nature and amount of material sought, as well as the time of year, this process can take time and so it is recommended that researchers allow at least 4 weeks for this review to take place.

#### Series 9 Audio-Visual Materials - General

Anyone seeking access to the materials in this series must submit a written request addressed to the University Archivist, following the same process as outlined above for the textual records. If approval is received from Canadian Tire, the archivist responsible for the Collection will make arrangements for viewing. Depending on the specific format, this may entail consultation elsewhere on campus. To facilitate this, available dates and times (i.e., morning, afternoon, all day) must be provided to the archivist once it is known that access is approved. This should be done at least 3 weeks in advance of any planned visit. The archivist will confirm the viewing arrangements, including specific dates when the items can be accessed. An estimate of the time required to view and rewind the materials, if necessary, will be provided upon request.

**Administrative History**

A major Canadian merchandise retailer, Canadian Tire Corporation was founded in Toronto in 1922 by brothers John William ("J.W.") Billes and Alfred Jackson ("A.J.") Billes. The business was incorporated under letters patent as Canadian Tire Corporation Limited on December 1, 1927. Both Billes brothers held the position of president of the company: J.W. from 1927 until his death in 1956; and A.J. from 1956 until his resignation in 1966. The company went public in 1944.

The corporation is primarily engaged in the merchandising of automotive parts, accessories, tires and service; sports and leisure goods; and home products through a network of Associate Stores operated by Associate Dealer retailers under the Canadian Tire name. The first official Associate Store was opened in Hamilton, Ontario in 1934, and was soon followed by stores in the Maritimes and Quebec. Expansion into western Canada began in Manitoba in 1966, and continued with stores in Saskatchewan in 1972, Alberta in 1974, and British Columbia in 1980. Stores in the Northwest Territories and the Yukon were opened in 1992. At the end of 1999, 440 Associate Stores were in operation across Canada.

Throughout its history, Canadian Tire Corporation Limited has established a number of subsidiary companies. Prominent among Canadian ventures are Canadian Tire Acceptance Limited (now Canadian Tire Financial Services) which finances and manages customer credit accounts; Canadian Tire Petroleum, Canada's largest petroleum retailer; and Canadian Tire Real Estate Limited, which acquires and develops land and designs, constructs and maintains stores. Other domestic subsidiaries have been involved in automotive parts remanufacturing, construction, lumber and building supplies, travel service, and the import and assembly of bicycles. The company has also ventured into the American retail market with White Stores and Auto Source outlets; invested in an Australian hardware chain; and operated affiliate, branch and buying offices in the Netherlands, England, Japan, Taiwan, Korea, Hong Kong, and Singapore.

The corporation initiated an employee profit-sharing plan in 1957, and introduced the familiar Canadian Tire "Money" customer loyalty program in 1958.

### **Scope and Content**

The fonds consists of textual records, audio-visual materials, graphic materials, and architectural plans relating to the company's corporate, real estate, marketing and associate operations. Textual records include letters patent and supplementary letters patent, company by-laws, annual and interim reports, financial statements, audit committee minutes, records relating to Canadian subsidiaries and foreign operations, records relating to profit sharing plans, real estate site development and maintenance files, land purchase and construction agreements, store reports, employee newsletters and updates, Associate Dealer communications, catalogues, weekly advertising flyers and Canadian Tire "Money." Audio-visual materials include general materials dealing with corporate strategies and programs, product information and training, employee and dealer activities, and sales and service training; and radio and television commercials created for Canadian Tire Corporation to promote products, sales, service, and community involvement. The commercials series includes such award-winning titles as "Albert" and "A Bike Story," and several Christmas advertisements featuring Scrooge and the French counterpart Gratteux. The graphic materials include photographs, slides and negatives of the Billes family, the Board of Directors, stores and gas stations, distribution centres, employee events, dealer conventions, products and product displays. The architectural plans include floor and grounds plans and elevations prepared for the construction, expansion and renovation of Canadian Tire properties.

**THE CANADIAN TIRE HERITAGE COLLECTION**  
**AFC 3**  
**SERIES DESCRIPTIONS and FILE LISTS**

**Series 4 Real Estate Files**

**Dates**

1923 - 1999

**Extent and Material**

33 m textual records

**Scope and Content**

Series consists of records relating to the construction and maintenance of Canadian Tire stores, depots and properties occupied by subsidiary companies; building standards; and records relating to the acquisition and disposition of property. Although each Canadian Tire retail store is an independently owned business operated by an Associate Dealer who is responsible for all internal aspects of the store's business, Canadian Tire Corporation identifies, acquires and develops suitable store sites; designs and constructs new buildings; renovates or expands existing structures; administers store leases; provides property management; and disposes of surplus properties.

**Arrangement**

The series has been arranged into the following sub-series:

- Sub-series 1 Alberta
- Sub-series 2 British Columbia
- Sub-series 3 Manitoba
- Sub-series 4 New Brunswick
- Sub-series 5 Newfoundland
- Sub-series 6 Northwest Territories
- Sub-series 7 Nova Scotia
- Sub-series 8 Ontario
- Sub-series 9 Prince Edward Island
- Sub-series 10 Quebec
- Sub-series 11 Saskatchewan
- Sub-series 12 Yukon
- Sub-series 13 Depots
- Sub-series 14 General Files

**Conditions Governing Access**

Access subject to review and consultation with Canadian Tire Corporation, Limited. See "Access to the Canadian Tire Heritage Collection" on page 5.

**Notes**

1. Additional material relating to Canadian Tire retail stores and other properties can be found in Series 5 Real Estate Plans on Microfiche, Series 6 Newsletters, Series 25 Property Records, and Series 46 Real Estate Plans.
2. Photographs of Canadian Tire properties are available in Series 14 Real Estate Photographs, and Series 16 Photographs, Sub-series 3 Store and Gas Stations and Sub-series 4 Distribution Centres.
3. Videos relating to property construction are in Series 9 Audio-Visual Materials-General, Sub-series 12 Real Estate.

**Scope and Content**

Series consists of newsletters produced by Canadian Tire for employees and Associate Dealers. The publications contain information about company organization and programs, store construction and openings; features on various operations such as the production of catalogues and flyers; staff news; and coverage of dealer conventions and social events. Over the years, the newsletter has been produced under a number of titles: *Mouthpiece* from 1951 to 1960; *The Observer* from 1961 to 1964; *Traction* from 1969 to 1978; *Canadian Tire News* from 1979 to 1984; *Traction* again from 1985 to 1993; and the bilingual *tcv news / bulletin tcv* (total customer value / valeur totale pour nos clients) from 1994 to 2000. From 1972 to 1978, *Traction* included *Happenings*, an insert of photographs of various staff events and activities. Also included in the series are four issues of *Pipeline*, a quarterly newsletter produced by and for Canadian Tire Petroleum employees; a company performance review; and annual employee reports and calendars.

**Arrangement**

Newsletters are arranged by year, then by issue number or date.

**Language of the Material**

**THE CANADIAN TIRE HERITAGE COLLECTION**  
**AFC 3**  
**SERIES DESCRIPTIONS and FILE LISTS**

**Series 7 Catalogues**

**Dates**

1926 - 2001

**Extent and Material**

1.6 m textual records  
2 CDs

**Scope and Content**

Series consists of catalogues created and distributed by Canadian Tire to promote its products and services. The company produced its first catalogue, a price sheet with a road map on the reverse, in 1926. The first catalogue in book format was distributed in 1933, and the first French edition was published in 1957. Canadian Tire discontinued the production of hard copy catalogues in 2008. Also included is a digital image of the postage stamp issued to mark the 75<sup>th</sup> anniversary of Canadian Tire in 1997.

**Arrangement**

Catalogues are arranged by year and season.

**Language of the Material**

In English and French.

**Conditions Governing Access**

None.

**Notes**

1. [E] denotes the English edition of a catalogue, [F] the French edition.
2. Fragile copies of catalogues have been replaced with digital copies.
3. The enclosure for postage stamps issued to mark the 75<sup>th</sup> anniversary of Canadian Tire has been filed with the 1997 catalogue.
4. Additional information about Canadian Tire catalogues can be found in the *Canadian Tire Catalogue Collectors Guide*, call number HD9745.C24C368 2011, available in the Archives Reading Room.
5. An article describing the preparation of the French language versions and the use of Canadian Tire catalogues to teach English and French is available in the May 1974 edition of *Traction* in Series 6 Newsletters.
6. Additional copies of catalogues are available in private collections held in Western Archives.

**THE CANADIAN TIRE HERITAGE COLLECTION**  
**AFC 3**  
**SERIES DESCRIPTIONS and ITEM LISTS**

**Series 8 Advertising Flyers**

**Dates**

1983-1995, 1997-1998, 2001

**Extent and Material**

8.3 m textual records

**Scope and Content**

Series consists of promotional flyers created and distributed by Canadian Tire to advertise “deals” (products and prices available at Canadian Tire stores across Canada for a specified period of time). Different deals are indicated by different deal numbers: flyers advertising deals available for a specific week are numbered from 301 to 353; flyers numbered 354 to 399 advertise annual deals for specific regions, such as the Green Thumb deals, and are often included within the weekly flyer; flyers numbered 100 refer to ad hoc deals in addition to the 300 series deals; and flyers numbered 1000 advertise deals for a specific location only. Flyers include the week and year of the deal on each page: for example, 351-98 indicates the deal for week 51 of 1998.

Flyers are issued in English, French and bilingual versions. The language is included on the flyers: DE 351-98 indicates Deal English, DF 351-98 indicates Deal French, and DB 351-98 indicates Deal Bilingual.

Several different versions of each weekly deal flyer are distributed throughout the country to accommodate variations in pricing, product availability or participation by individual Associate Dealers. From 1983 to 1994, flyers included the names of the newspapers in which they were distributed. Some back pages of flyers indicate the specific locations where the deals are in effect, and some flyers issued consist of two sections.

While the prices and products featured in each deal may apply to all Associate Stores, zone numbers (0 to 9) on each page of the flyer indicate where, depending on availability and store participation, the advertised deals apply. Zones represent market areas based on competition from other retailers, not geographical areas. Within a single zone, there may be different versions of a flyer advertising products or prices available in a specific city or area. Separate flyers were also issued within the same zone to indicate different start and end dates in different areas or cities.

**Arrangement**

Flyers are arranged by year and deal number. For each deal, English language versions are followed by French and then bilingual versions. Within each deal, English versions are

arranged by zone number then province, territory, area (e.g., West) or city. French and bilingual versions are arranged by version number when included; otherwise, by zone and province and/or city. The zone, province, territory, and/or city have been added in pencil on each flyer.

Separate flyers issued within the same zone to indicate different start and end dates in different areas or cities have been arranged by deal start date. When two-part flyers carry version numbers, the parts have been identified as V1(1) and V1(2). Parts of flyers with specific deal dates have been identified as, e.g., Fri (1) and Fri (2).

Provinces and territories have been indicated by the Standard Geographical Classification two-letter abbreviations:

AB	Alberta	NT	Northwest Territories
BC	British Columbia	ON	Ontario
MB	Manitoba	PE	Prince Edward Island
NB	New Brunswick	QC	Quebec
NL	Newfoundland and Labrador	SK	Saskatchewan
NS	Nova Scotia	YT	Yukon Territory

Regions are indicated by N (North), NW (Northwest), S (South) and SW (Southwest).

### Understanding the Zone Codes

A zone may encompass an area, a specific city or cities, or may encompass locations in more than one province or territory. Zones have been consolidated and amended over the years to reflect changes in market competition:

Because changes in the zones were accomplished over a span of one or two years, there is some overlap of zone codes in flyers distributed in 1997 and 1998.

“A” on a flyer page indicates that the prices and products advertised are available at all Canadian Tire stores. Sometimes the “A” is qualified. For example, A(ex 1/4), indicates that although the products or prices are available in the majority of Canadian Tire stores, stores in zone 1 and zone 4 do not provide the products or prices advertised. Different products and/or pricing would appear in separate flyers for zones 1 and 4.

Within a zone, certain areas can be excluded as well. 4(ex Low Main), for example indicates that the deal applies to all stores in zone 4 (BC) except stores in the Lower Mainland (Vancouver and area).

“alt” with a zone number (e.g., 9alt) indicates an alternate version issued in some market zones in which some Canadian Tire stores do not, or may not, carry certain products advertised in the national weekly flyer.

### Identifying the Zone

By examining the codes on each flyer page, the zone to which the flyer applies can be determined by a process of elimination by identifying the one zone code that appears on every page.

For example, the following appear on various pages of one flyer for deal 351-98:

4(Vic/Court)8(Nan) - the deal could apply to zone 4 BC (including Victoria and Courtenay), or to zone 8 (including Nanaimo)

4(ex Low Main)/6 - the deal could apply to zone 4 BC (including Victoria and Courtenay, but not stores in the Lower Mainland) or to zone 6, but does not apply to zone 8

4(ex Low Main) - the deal applies to BC, (including Victoria and Courtenay, but not stores in the Lower Mainland), but does not apply to zone 6

4(Court)/8(Nan) - the deal applies to zone 4 and Courtenay within zone 4, but does not apply to Victoria. Zone 8 (including Nanaimo) has been excluded earlier.

The flyer applies to zone 4, and within zone 4, to stores in Courtenay, B.C.

In other cases, the code on a single page of a flyer will identify the city or province where the deal applies. For example, 6(Sarnia, Windsor, Chatham) indicates that the flyer is applicable in stores in all of these cities, and 6(T’Bay) indicates the flyer applies only to stores in Thunder Bay.

### **Language of the Material**

In English and French.

### **Conditions Governing Access**

None.

### **Notes**

1. No zone number is included in the single 1980 flyer in the series.
2. The number of a commercial, available in Series 10 Audio-Visual Materials-Commercials, that relates to a specific advertising flyer is included in square brackets, and noted as being in E (English) or F (French).
3. Information about the production of weekly flyers can be found in the March 1986 edition of *Traction* in Series 6 Newsletters.

**SERIES DESCRIPTIONS and ITEM LISTS**

**Series 9 Audio-Visual Materials - General**

**Dates**

1964 - 1998

**Extent and Material**

2 cm textual material  
5 films  
1823 videocassettes  
5 video tapes  
235 video files  
2 audio cassettes  
10 audio tapes  
4 DVDs

**Scope and Content**

Series consists of video and audio recordings created or acquired by Canadian Tire Corporation to convey corporate objectives, strategies, and achievements; inform about products, programs, processes and systems; deliver product, sales and service training; and document corporate, dealer, and employee activities.

**Arrangement**

The series has been arranged into the following sub-series:

- Sub-series 1 Associate Dealers
- Sub-series 2 Automotive
- Sub-series 3 Canadian Tire Financial Services
- Sub-series 4 Canadian Tire Petroleum
- Sub-series 5 Community Involvement
- Sub-series 6 Corporate
- Sub-series 7 Distribution
- Sub-series 8 Home Products
- Sub-series 9 Information Systems
- Sub-series 10 Marketing
- Sub-series 11 News Magazines
- Sub-series 12 Real Estate
- Sub-series 13 Sports and Leisure
- Sub-series 14 Subsidiaries

Within each sub-series, materials have been arranged by title and then by year. Raw footage has been matched to master titles as much as possible. The subject of recordings, when

known, has been added in square brackets. English and French masters of the same titles have been listed together under the English title, followed by English and French raw footage. Run times, where available, have been included. The four-digit item numbers assigned to items by Canadian Tire have been retained to facilitate access.

**Conditions Governing Access**

Access subject to review and consultation with Canadian Tire Corporation, Limited. See “Access to the Canadian Tire Heritage Collection” on page 5.

**Language of the Material**

In English and French.

[198-?] - 1997

**Extent and Material**

283 videocassettes – Betacam, Betacam SP, D-3, ¾", VHS  
92 video files - mpeg

**Scope and Content**

Sub-series consists of video materials relating to automotive parts, products, and service. Topics covered include updates, parts and products information, customer service, marketing strategies and programs, warranty and repair programs, selling and advertising techniques, inventory management, the auto kiosk interactive product information and location system, and incentive and training programs. Updates include video communications from Jack Dawkins (Senior Director, Automotive Marketing) to Auto Depot staff, and At Your Service information programs distributed to stores to enhance communication between the corporation and auto centres. Incentive and training programs include the Encore Program, an initiative for auto service advisors and managers; the PartsPro training program for auto parts staff; Sum of the Parts auto parts training; and portions of the C.A.R.E. [Customer / Advisor Relations Excellence] training program for auto service advisors. Included is footage of weekend trips to Indy auto racing events won by participants in the Encore and PartsPro programs, and footage of the 1<sup>st</sup> Master Technician competition.

**Conditions Governing Access**

Access subject to review and consultation with Canadian Tire Corporation, Limited. See "Access to the Canadian Tire Heritage Collection" on page 5.

**Notes**

1. Additional video material about automotive parts and products, marketing strategies, Auto Depot, auto kiosk, and the PartsPro program can be found in the News Update programs in Series 9 Audio-Visual Materials-General, Sub-series 11 News Magazines.
2. Information about automotive strategies and programs can be found in Series 2 Annual Reports and Series 6 Newsletters.

**Dates**

1989 - 1997

**Extent and Material**

99 videocassettes – Betacam, Betacam SP, VHS  
4 video files – Mpeg

**Scope and Content**

Sub-series consists of video materials relating to the Canadian Tire Child Protection Foundation / Child Protection Foundation Québec and the company's annual United Way campaigns. In existence from 1993 to 1999, the Child Protection Foundation provided funding and support to six community-based national programs addressing child safety concerns: the Stay Alert . . . Stay Safe street-proofing program; Canadian Tire's Cycle Safe bicycle-helmet program; KIDestrians traffic safety program; Learn Not to Burn fire safety program; the Canadian Red Cross water safety AquaQuest program; and the Child Identification Program. Included are overviews of CPF programs; interviews with program founders, participants, and CPF officers; and recordings of program events and the CPF golf tournament. Materials related to the United Way include annual campaign overviews and footage of United We Laugh, an annual comedy evening staged by employees to increase staff awareness of the campaign. The Canadian Tire Child Protection Foundation was succeeded by the Canadian Tire Foundation for Families / La Fondation Canadian Tire du Québec as the principle vehicle for the company's charitable activities.

423 video files  
6 audio tapes  
21 audio files

**Scope and Content**

Series consists of consists of television and radio advertisements created for Canadian Tire Corporation by external agencies to promote products, sales, services and contests; increase awareness of Canadian Tire's diversity; announce store openings; and inform the public of the corporation's charitable activities.

**Arrangement**

The series has been arranged into the following sub-series:

- Sub-series 1 Automotive
- Sub-series 2 Christmas
- Sub-series 3 Community Involvement
- Sub-series 4 Corporate Image
- Sub-series 5 Home Products
- Sub-series 6 Reward Program
- Sub-series 7 Sports and Leisure
- Sub-series 8 Various Products

The materials have been arranged into series that reflect the product or service promoted in the commercial. Within each sub-series, items are arranged by year and then alphabetically by title. English and French commercials, produced in the same year, which promote the same product(s) or service and utilise the same storyline and props, have been listed together. French titles have been retained wherever available. The category of the product or service being promoted has been added in square brackets. The number and time of each commercial has been noted in square brackets. For example, [1 x :60; 1 x :30] indicates one 60-second commercial and one 30-second commercial. Actual playing times for each item are indicated in the Run Time column. The four-digit numbers assigned to items by Canadian Tire have been retained to facilitate access.

**Conditions Governing Access**

See “Access to the Canadian Tire Heritage Collection” on page 5.

**Language of the Material**

In English and French.

**Notes**

1. Some commercials are designated for specific regional markets.
2. Some radio commercials include play lists and scripts.
3. Additional information about Canadian Tire’s television commercials can be found in Series 6 Newsletters.

**Series 11 Dealer Letters**

**Dates**

1961 - 1995

**Extent and Material**

75 cm textual records  
1 microfilm reel

**Scope and Content**

Series consists of publications produced by Canadian Tire for Associate Dealers. Dealer Letters cover a variety of topics, including sales reports and trends, promotions and programs, dealer group meetings, policies, pricing, legislation and by-laws, ordering and distribution procedures, dealer bonuses, store openings, corporate and field appointments, employment opportunities and dealer changeovers. Produced from 1971 to 1976 and initially titled Associates Weekly, Associates Review was intended to replace the Dealer Letters. Its content includes articles on appointments and retirements, training courses and seminars, retailing careers, federal budget, taxes, consumer habits and retail sales trends, employee benefits, hazardous product regulations, and dealer conventions.

**Arrangement**

Dealer Letters have been arranged by year, then by letter number or date. Issues of Associates Weekly have been arranged by year.

**Conditions Governing Access**

Access subject to review and completion of a Research Agreement.

**Notes**

1. Additional records relating to Associate Dealers can be found in Series 32 Dealer Relations Records, Series 6 Newsletters and Series 35 Events Records.
2. Videos of dealer conventions are available in Series 9 Audio-Visual Material-General, Sub-series 1 Associate Dealers.
3. Photographs of dealer conventions can be found in Series 16 Photographs, Sub-series 6 Conventions.

**Scope and Content**

Sub-series consists of photographs of various subjects. Included are images of vehicles, rolling skating clerks, and stills from television commercials.

**Conditions Governing Access**

None.

**Notes**

1. In 1937, Canadian Tire moved its main store to 837 Yonge Street. Following the suggestion of a way to speed up service, staff started wearing roller skates to travel the distance between the large stock floor and the sales counter.
2. The Publicity Shots file includes still photographs from the filming of "A Bike Story" commercial, and stills from the "Dig This" and "You Don't Care" commercials.
3. Videos of "A Bike Story" are available in Series 10 Audio-Visual Materials-Commercials, Sub-series 7 Sports and Leisure; the video "Dig This" (Item No. 2485) is available in Series 10 Audio-Visual Materials-Commercials, Sub-series 5 Home Products; and the video "You Don't Care" (Item No. 2474) is available in Series 10 Audio-Visual Materials-Commercials, Sub-series 1 Automotive.

**Series 19 Canadian Tire "Money"**

**Dates**

1958 - 1996

**Extent and Material**

2 cm textual material  
2 CDs

**Scope and Content**

Series consists of images of cash bonus coupons ("money") and other coupons issued by Canadian Tire. Introduced in 1958, the cash bonus coupons were initially issued at gasoline outlets but redeemable only in retail Associate Stores. With coupons featuring the image of the character named Sandy McTire, the program was extended to customers in Canadian Tire stores in 1961. Originally limited to Ontario, Quebec and the Maritimes, the distribution of coupons was extended to all of Canada by 1995. The same year, the official designation of "cash bonus coupons" was changed to Canadian Tire "Money" in response to customer usage. Additional coupons included are a Gasoline Discount Note issued to store customers, a Pit Stop GasSaver coupon issued at stores and redeemable at Pit Stop; a Pit Stop 1% discount coupon, and Sandy McTire/Lubritorium coupons redeemable at Toronto and suburban area Pit Stop outlets. Also included are a photocopy of the 5<sup>th</sup> edition of the *Bilodeau Guide*, the reference guide for the Canadian Tire Coupon Collectors Club, and one issue of the Club's newsletter *the collector*.

**Arrangement**

Gas Bar coupons have been arranged by date of issue, then by denomination. Store coupons have been arranged by coupon series, then by denomination.

**Conditions Governing Access**

None.

**Notes**

1. Originals have been replaced with digital scans.
2. Items in the Notes field of the gas bar and store coupon listings and the store coupon series numbers were taken from the original collection compiled by Roger A. Fox of the Canadian Tire Coupon Collectors Club and presented to Canadian Tire in 1996. Series numbers for the Gasoline Discount Note and Pit Stop coupons have been taken from the 5<sup>th</sup> and 8<sup>th</sup> editions of the *Bilodeau Guide*.
3. The photocopy of the 5<sup>th</sup> edition of the *Bilodeau Guide* and the issue of *the collector* were presented to Western Archives by Douglas Adams. The 8<sup>th</sup> edition of the *Bilodeau Guide* is available in the Archives Reading Room, call number J4912.B55 2011.

4. Additional information about the history and circulation of Canadian Tire "money" can be found in Series 29 Loyalty Program Records.
5. Various commercials promoting Canadian Tire "money" are included in Series 10 Audio-Visual Materials-Commercials.
6. The image of Sandy McTire was designed by Canadian Tire employee Bernie Freeman.

**Series 31 Dean Muncaster Papers**

**Dates**

1948 - 1995

**Extent and Material**

38 cm textual records  
11 photographs - prints – b&w and col.

**Biographical Sketch**

Born Joseph Dean Muncaster in Sudbury, Ontario in 1933, Dean Muncaster began his association with Canadian Tire by working in the Sudbury Canadian Tire Store of his father Walter Muncaster. He received a Bachelor of Arts, Honors Business Administration degree from The University of Western Ontario in 1956, and a Master of Business Administration degree from Northwestern University. Muncaster joined the Canadian Tire board in 1960, and in 1966 succeeded A.J. Billes as the company's President and Chief Executive Officer. During his tenure, Muncaster oversaw the expansion of retail stores into western Canada, the addition of household and leisure goods to the traditional automotive product lines, the acquisition of Canadian Tire Acceptance Limited, and the increase of annual company sales from \$100 million to \$2 billion dollars. Following the unsuccessful purchase of White Stores in the United States, Dean Muncaster resigned as President and C.E.O. in June of 1985. He died in 2012.

**Scope and Content**

Series consists of records created and accumulated by Dean Muncaster during his tenure as President and C.E.O. of Canadian Tire Corporation. Included are records relating to corporate planning, various financial matters, dealers, and profit sharing; materials relating to Quebec's Bill 101; records relating to the relocation of the company's home office and other properties; studies and reports; speeches and presentation materials; correspondence, memos, and notes.

**Series 32 Dealer Relations Records**

**Dates**

1968 - 1995

**Extent and Material**

3 cm textual records

**Scope and Content**

Series consists of records relating to relations between Canadian Tire Corporation and its Associate Dealers. Each Canadian Tire retail store is an independent business owned and operated by an Associate Dealer who is responsible for all internal aspects of the store's business. Canadian Tire manages the selection, training and placement of Associate Dealers in stores; coordinates the changeover of dealers; provides financial assistance to dealers; and identifies potential markets for its products. Dealers are required to purchase all merchandise for resale through the corporation which establishes guidelines to ensure consistent pricing, and is responsible for central purchasing, product distribution, and the development of marketing and advertising campaigns. Included are newsletters and records relating to dealer contracts, dealer changes, and profit sharing.

**Conditions Governing Access**

**Dates**

1971 - 1994

**Extent and Material**

30 cm textual records

**Administrative History**

Acquired by Canadian Tire in 1979, Universal Bicycle Limited / Bicyclette Universelle Limiteé assembled and sold bicycles under the Talisman name and under contracted private brand names. It began operations at Drummondville, Quebec and opened a second plant in Scarborough, Ontario in 1983. Cycles Talisman Incorporated was established in 1980 as a wholly owned subsidiary and independent marketing arm for Universal bicycles made in the Drummondville factory. Restructuring in 1988 resulted in the closure of the plant at Drummondville, the consolidation of operations in Scarborough, and the transfer of bicycle manufacturing and selling to Cycles Talisman Incorporated. Talisman operations were discontinued at the end of 1989.

**Scope and Content**

Series consists of records relating to the acquisition, operations, and restructuring of Universal Bicycle and the closure of Cycles Talisman. Included are financial, planning and audit records.
