

## **London and Area Telephone Directories (Phonebooks)**

Also available on microfilm at Weldon Library: TK6011.L65

In order to improve access to more of the existing holdings of Western Archives copies of a number of preliminary finding aids are being made available. These preliminary finding aids, some of which were prepared many years ago, vary in degrees of completeness, detail and accuracy. Some provide only basic box listings of the contents of a fonds or a collection, while others provide additional background material. All are intended to be the starting point for access to the records and they should not be considered a definitive source of information on the full nature and contents of the fonds or collection.

Questions about the information provided in the preliminary finding aids should be directed to [archives.services@uwo.ca](mailto:archives.services@uwo.ca)

The directories date from 1927 to the present and currently are in seven boxes with room for expansion into an eighth.

The collection includes the main telephone directory for London, St. Thomas and Goderich (with white and yellow pages) and area directories for some years for Goderich, Strathroy, St. Thomas, Rodney and Aylmer which include the yellow pages for the local area. See the list that follows for particular dates and areas available.
