1. Finding a KNOWN piece of music

Any piece of music for which you know both the composer and the title may be found by choosing the CATALOGUE tab on the Western Libraries homepage: www.lib.uwo.ca.

Choose the KEYWORD search option to combine the composer's name with a unique title, opus number or thematic catalogue number with spaces between your keywords (using a space = the Boolean “AND” operator). This will help to narrow your search and find desired items quickly.

e.g., Hindemith sonataS (double bass)

should retrieve Hindemith’s double bass sonata - both scores and recordings

(note the use of the PLURAL OF THE GENRE - sonataS - you must use the plural to find scores and recordings!).

e.g. concertos (double bass) part

will retrieve those editions (piano reductions) which come with a separate double bass part

If you are unsure of titles, opus or thematic catalogue numbers, refer to the repertoire guides listed below or consult “Works” lists in articles on individual composers in The New Grove Dictionary of Music and Musicians (29 vols.). (This product is available online to currently-registered Western students.)

2. BROWSING on the shelf for music

Most, but not all, double bass music can be found in the following areas:

M 55 - 58 (double bass alone - no accompaniment)
M 237 - 238 (double bass with piano or continuo)
M 238 (double bass sonatas)
M 1018 (double bass with full orchestra, full scores and/or accompaniment reduced for piano – concertos, etc.)
M 1118 (double bass with string orchestra, full scores and/or piano reduction of orchestral score)
MT 320 - 330 (studies, methods, and technique for double bass)
MT 331 (orchestral excerpts)

Don't forget to look in collections of music by your composer (the library finds it cheaper and more convenient to buy all the sonatas of a composer in one volume than to purchase single sonatas, etc.).

For a complete explanation of these call numbers and others, see the book LC Classification/Class M, Music located near the Music Reference Desk.
3. Using the SUBJECT Indexes

Particular types of double bass music will be easily found using the subject index of the Western Libraries Catalogue.

*** WARNING ***

If you use the Subject Heading

"DOUBLE BASS MUSIC"

you will find miscellaneous solo works only. Most music will be found under the specific genre, e.g.

SONATAS (DOUBLE BASS AND PIANO)
SUITES (DOUBLE BASS)
CONCERTOS (DOUBLE BASS)
CONCERTOS (DOUBLE BASS) – SOLO WITH PIANO
CONCERTOS (DOUBLE BASS WITH STRING ORCHESTRA)

Other useful Subject Headings include:

DOUBLE BASS – HISTORY
DOUBLE BASS – INSTRUCTION AND STUDY
DOUBLE BASS – METHODS
DOUBLE BASS – STUDIES AND EXERCISES
DOUBLE BASS – ORCHESTRA STUDIES

Accustom yourself to looking for the specific genre and instrumentation when using the Subject Index.

For a more complete listing of the Subject Headings employed by Western Libraries, please see the Library of Congress Subject Headings, 5 large red volumes, located near the Reference Desk.

4. ENSEMBLES using the Double Bass

For information on this topic, consult the handouts String Ensembles, and Piano Ensembles.

5. Double Bass Music in the SOLO MUSIC REFERENCE COLLECTION

A few titles (mainly unaccompanied and twentieth-century music for the double bass) may be found in the Solo Music Reference Collection. These are housed in the Choral/Band/Orchestral Music Library (Rm. 134, T.C.).

The general classification number for double bass music in the SMRC is

MUS 4055.

The section is organized alphabetically, by composer's surname.

HISTORY of the Double Bass and its Music

The following two books are available in the Music Library:

ML 920.B785 2000

ML 927.V63P613 1998

[Ref ML 100.G8 2001 located on the Dictionary Table - and available online.]

The extensive bibliography lists additional books and articles on the topic; the Western Libraries Music Library has many of the cited works.

When using a bibliography, please be sure to distinguish between books (titles always listed in italics) and periodical or journal articles (“titles always listed within quotation marks”) to save yourself valuable time.

Call numbers for books may be found by searching by either AUTHOR or TITLE, or by using a KEYWORD search to combine author and title words.

Call numbers for journal articles may be found by searching for the title of the journal (**NOT** the title of the article !!) in the Western Libraries Shared Library Catalogue. So, if your citation looks like this:

The italicized *GSJ* is an abbreviation for the title of a journal. You need to figure out the full title, in order to find it in The Western Libraries Catalogue . WHERE to find the list of abbreviations? Check the FRONT of the NEW GROVE DICTIONARY -under Bibliographical Abbreviations – or, if you are using grovemusic.com, then click on the abbreviation.

Once you have identified the full title (*Galpin Society Journal*), simply do a JOURNAL TITLE search, note the call number and locations - find the volume you require - and note whether it is available at the Music Library - or from one of our
storage locations. If the journal is available online, you may click on the appropriate link - scroll down on the bibliographic record display in order to see which database offers the volume/year that you require.

When you search in The Western Libraries Catalogue by TITLE for a periodical, journal, newspaper or magazine title, you will notice that the call number is the same for ALL of the volumes: the volume number/year will then identify the particular bound volume you require - be sure to note the location (RDL, ARCC, WWW, or MUSIC) of the volume(s) you seek.

Occasionally, you will notice that the older volumes are in a location labelled STORAGE - Use "Request Item" – you can request needed volumes by clicking on this icon:

![Request Item](image)

[located below the Western banner - and above the “title” box] and then following the instructions given on the The Western Libraries Catalogue screen. You will receive an email notification once the item has been delivered to the Music Library.

PERFORMING PRACTICE

Historically informed performance is an ongoing consideration for all performers. Following are titles which may prove useful to double bassists:

ML 457.C9 1992

A practical guide to all aspects of Baroque music performance.

ML 437.H43 1993

One can often gain a useful perspective on performing practice, by consulting the tutors and methods of past eras. These historical sources provide valuable information on fingerings, and on how to perform figures, ornaments, crescendos, etc.

Sources of particular interest to double bassists, held at the Western Libraries Music Library include:

MT 172.H477 1988 pts. 1 & 2 guide

A 36-reel microfilm set of tutors and methods, many of which were written by the leading virtuos of their day. While many of the sources will contain material of interest, Part 2 contains tutors dealing with bowed instruments. Each Part has its own printed index, located in the Music Reference area (call number listed above).

Part 1. Instrumental tutors from the Bate Collection of Musical Instruments, Oxford and the private library of Philip Bate (10 reels).

Part 2. Tutors and méthodes from the F.J. Fétis Collection at the Bibliotheque Royale Albert Ier, Brussels (26 reels). Tutors for bowed strings will be found on reels 2-4 of this series - reel six contains double bass tutors by Hero, Labro and Verrimst.

Additional information regarding Performing Practice can be found in a variety of sources, both online and print:

- [www.grovemusic.com](http://www.grovemusic.com) (see the articles on “Performing Practice” and “Ornamentation”)
- ML 457 is the classification section for performance practice - see the books by Donington, Kivy and Leppard
- Search the Libraries Catalogue by SUBJECT: performance practice

RECORDINGS of Double Bass Music

In a hurry? It’s always handy to find a list of recordings (discography) compiled by a teacher or performer. Following are two titles which offer discographical information for the bass player:

[Ref ML 128.D6 G76 2000]

ML 925.P53 1984
A **KEYWORD** search is the most effective way to quickly find a desired recording: Although most of the Music Library's sound recordings can be found via the **Western Libraries Catalogue**, many others cannot. Most commercially-recorded double bass music for which you know the composer and the title may be found via a **KEYWORD** search:

- type single, significant keywords (e.g. the performer’s [or composer’s] surname
- include a significant word from the title of the work
- include the opus number (numerals only)
- include "sound" or "compact" ("sound" retrieves ALL sound formats; "compact" retrieves ONLY our CD recordings)
- remember that a "SPACE" in-between keywords = "AND." This means that BOTH terms must be present to appear in your search results
- if you are looking for older records (i.e. not CDs) put your search phrase in parentheses, and be sure to EXCLUDE CDs by using the phrase “AND NOT”:

```((DOUBLE BASS) SOUND) AND NOT COMPACT```

Alternately, if you are looking for a recording by a particular performer, you may type his/her name following the **AUTHOR** command:

```e.g. KARR, GARY```

To locate recent recordings (after first checking the **Western Libraries Catalogue** by **AUTHOR** (i.e. performer) or by **KEYWORD**), consult the Reference Librarian: we may wish to order a copy for the Music Library.

**Don Wright Faculty of Music RECITALS**

In addition to commercially-produced recordings, there are hundreds of **Don Wright Faculty of Music Student/Faculty/Guest Artist Recitals**, which were taped during the period 1965 - the present.

Until 1988, or so, recitals were automatically taped for archival purposes. After that time, the process became much more selective – so that one cannot rely upon finding a tape for every Don Wright Faculty of Music performance.

Access to the Don Wright Faculty of Music's recordings archive is provided by computer-generated indexes housed in the LAST row of the Reference Section – nearest the Reference Librarian. They are in pale blue cardboard covers. Should you find a performance you would like to hear, you must:

- make note of the appropriate reference number – from the left-hand column!

Then, leave a note for Mr. **Mike Godwin** – in his mailbox in the Main Office (T.C. 210) stating your name and the tape reference number – which will look like:

```
81-148c
81 = 1981
148 = the 148th recital taped that year
c = the 3rd work on the program
```

and ask that he place the tape (it may be a CD) in the Library. He will then leave the tape at the Music Library Circulation Desk – you may listen to same, upon surrender of appropriate identification.

Dubbing is **NOT** permitted in the Music Library, but you can make arrangements to purchase copies by applying at the Faculty of Music Main Office (T.C. 210). Please note that older recordings are in storage, and it will take some time to retrieve and reproduce them.
